SUBJECT: Quota Review Task Force and Process

The BC Hatching Egg Commission has finished the 2015-2016 Strategic Plan. That plan includes a review of the current quota system.

The Commission has entrusted this enormous job to a Task Force.

This Task Force, comprised of three Commission members with Joe Neels as chairman, One Hatching Egg Producer Association Director and two Commission staff members, will conduct the review according to the Strategic Plans Work Action Plan and send recommendations to the BC Hatching Egg Commission board.

The Commission membership would like to engage our industry stakeholders in a transparent review of the current quota system and of other options. The plan in its entirety is outlined in the attached Work Action Plan. Updated notes of the meetings and the work action plan will also be posted to the Commission's website ensure that stakeholders can engage in the process and provide feedback at any time.

The BC Hatching Egg Commission anticipates other types of stakeholder engagement but will rely on the Task Force for the majority of this large undertaking.
